Grain and Provisions.

CHICAGO, June 27.—Liberal world's shipments and favorable returns from the Southwestern harvest fields had a weakening influence on the wheat market today. At the close the September option was down by from Saturday's final figures. Corn is unchanged, oats are up a shade, and provisions show a loss of 10 to 25c.

Sentiment in the wheat pit was bearish from the start. At the opening the effect of heavy rains in the Southwest was off-set by the indifferent tone of cables and by the weekly stocks, the world's shipments for the week being considerably larger than had been expected and the movement from Russla much heavier. Opening quotations on September were unchanged to 4c lower at \$184c to \$15c. Commission houses were reliers of July, but the offerings were light. For a time there was a moderate demand for September for Northwestern houses, and this had a tendency to support the market, September selling up to \$126514c. During the latter part of the session the selling was dominated by the situation in the Southwest. A report from ansas City chronicled the arrival there of ten cars of new wheat, the quality of which was excellent.

While weather conditions were unfavorable for harvesting, the condition of the crop was said to be good. Selling by Southwestern houses was an important beer factor during the latter part of the day. This selling apparently allayed in the minds of many traders fears that the marketing of the new crop would be scriously delayed by wet weather. The market closed weak and near the low point, the final figures on September being \$95c. after the price had touched \$95c. Clearances of wheat and flour were equal to 4,450 bushels. The amount on patsage decreased 1.72,000 bushels. Primary receipts were \$38,100 bushels, compared with \$45,500 bushels a year ago.

In spite of some selling corn hald up remarkably well, sonsidering the weak undertone of wheat. The market closed at \$45,0045c. Local receipts were \$125. cars.

Provisions were affected by liberal re-ceipts of hogs and lower prices at the yards. A feature of the trading was the liquidation of July hogs. Shorts were fair buyers throughout the day. At the close September pork was off 25c at \$13.024; September lard was down 106/12/5c at \$7.12%; ribs were off 15/047% at \$7.600 7.62%. .62½ Receipts for tomorrow—Wheat 24 cars. corn, 60 cars; oats, 213 cars, hogs, 10,000 Coast Grain.
